Vision Policies Principles

Our Vision

To be a reliable company that serves all sectors where plastic used and is a pioneer in locatization projects.

Our Policy

1-Customers

We're focused on the customers. We're the first choice for our customers.

2-Quality

By providing enviroment and work health conditions, we perform high quality product and faultless service.

3-Consistency

We won't break any law or social rule. We conduct business by fairness and clearness.

Our Principles

1-Fighting spirit

We choose high goals and to achive this goals we work very enthusiastic.

2-Decision-making

We examine all products and processes, then make decisions based on tangibles.

3-Team work

We make all works by cooperation and mutual understanding.

4-Perfection

In our work we always aim customer management excellence and operational excellence.

Company Profile

- Established in 2011
- Location: Organized Industrial District – Eskişehir
- Company type: Joint-stock company
- 1st Factory: Total 9.000 m² /3500 m² closed space
- Annual turnover: 7 Million \$
- Total Personnel: 90
 - White collar personnel: 10
 - Blue collar personnel : 80

Company Profile

- Areas of interest:
 - Plastic Injection Mould Production and Repair (Max. 5 tons)
 - Plastic Injection Part Manufacturing (0,1 gr. - 1650 gr.)
 - Assembly
 - Machining

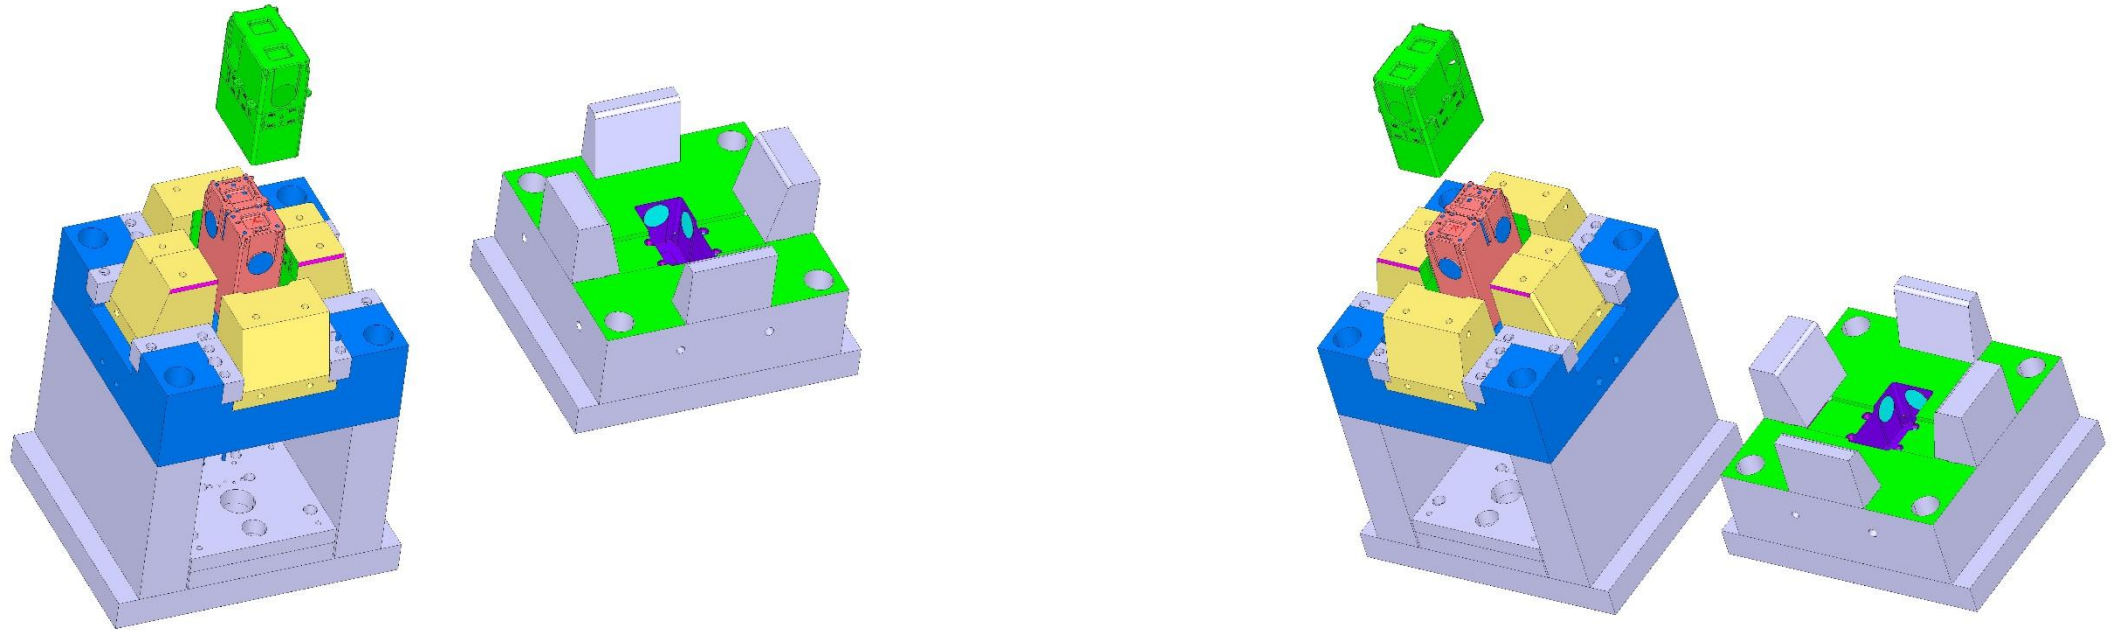

Plastic Injection Production

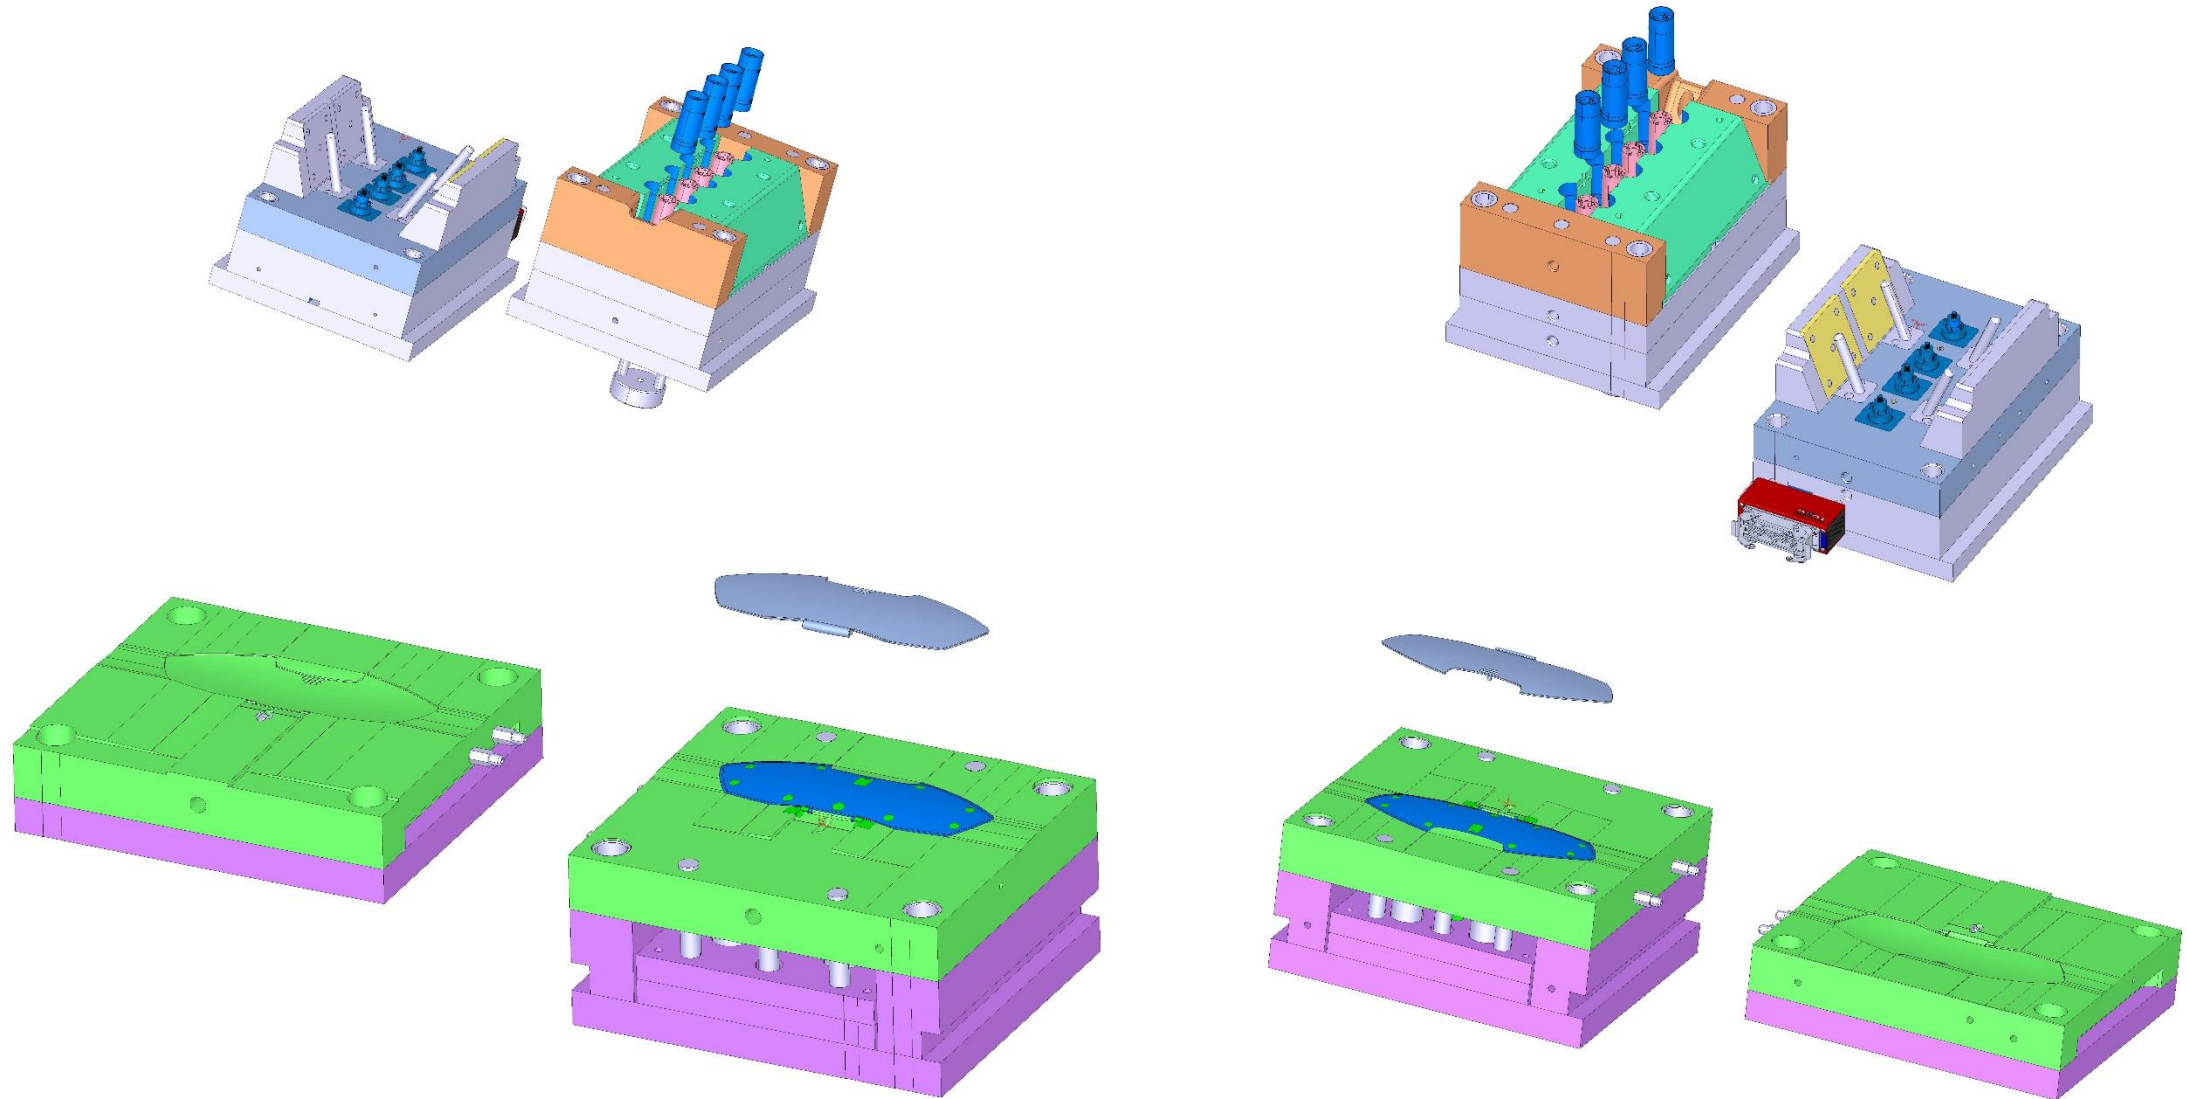

- Precise Injection Part Production with 27 Plastic Injection Machines
-HAITAN, WELLTEC, BORCHE, ARBURG, ENGEL
- Clamping Force: 50-500 tons
- Max. Part Weight: 1650 gr.
- Production Capacity of 250 tons of plastics per month
- Appliance Products
- Sanitaryware Products
- Medical Products
- Overall capacity usage: %65
